*The field instructor should comment on the following, with the idea being that the midterm evaluation will provide the student with useful information for continued learning and improvement throughout the remainder of the semester.*

1. Please identify and describe this student's strengths that have been demonstrated in practice.

2. How is the student engaging in their learning and performance? Is the student demonstrating skills at being a self-directed learner? If not, how could the student improve in this area?

3. How is the student demonstrating professional behavior in terms of dress, punctuality, respect, tolerance of difference, accountability, and reliability? Are there areas of concern/suggestions that the student can address with regards to these areas?

4. How well is the student utilizing supervision?

5. How well is the student relating to other professionals in the agency?

6. What, if any, concerns/suggestions do you have about the student's performance? What specifically would you like to see the student do to address these concerns during the remainder of the semester?
