#### INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of the Dalton State College Foundation, Inc. Dalton, Georgia

## **Report on the Consolidated Financial Statements**

We have audited the accompanying consolidated financial statements of the Dalton State College Foundation, Inc., (a nonprofit organization) and its subsidiaries, which comprise the consolidated statements of financial position as of December 31, 2020 and 2019, and the related consolidated statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

## Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatements of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## **Opinion**

In our opinion the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of the Dalton State College Foundation, Inc. and its subsidiaries, as of December 31, 2020 and 2019, and the changes in their net assets and their cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2020 AND 2019

#### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

## **Reporting Entity and Nature of Operations**

Dalton State College Foundation, Inc., was incorporated as a non-profit corporation under the Non-Profit Corporation Code of the State of Georgia on December 14, 1967. The Foundation's purpose is to secure private philanthropic support for the benefit of the students, faculty and staff, academic programs, and growth of Dalton State College.

On August 19, 2005, Dalton State Acquisitions, Inc., was incorporated as a wholly owned subsidiary of Dalton State College Foundation, Inc. Dalton State Acquisitions, Inc., was created to acquire certain parcels of real property that may be used for the future expansion of Dalton State College. The Wood Valley Apartments were located on these parcels and were operated by Dalton State Acquisitions, Inc., as residential rentals until July 1, 2009, at which time the complex was converted to student housing that was under lease by Dalton State College. The apartments were demolished in 2017 to make room for new student housing, and the property was deeded to the University System of Georgia Board of Regents in 2018.

On April 1, 2019, Dalton State Properties, LLC, was incorporated as a wholly owned subsidiary of Dalton State College Foundation, Inc. Dalton State Properties, LLC, was created to hold certain property to be leased by Dalton State College.

The Board of Regents of the University System of Georgia believes that Governmental Accounting Standards Board (GASB) 39 applies to its member colleges and their respective Foundations. As such, the Board of Regents has mandated its member colleges consolidate the activity of their Foundations in the College's annual report to the Board of Regents.

## **Basis of Presentation**

The consolidated financial statements of Dalton State College Foundation, Inc. (the Foundation), and its subsidiaries Dalton State Acquisitions, Inc., and Dalton State Properties, LLC, have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America and the provisions of Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 958-605-05 and ASC 958-205-05. The most significant accounting policies followed by the Foundation are described below.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2020 AND 2019

#### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

## Basis of Presentation

Under the provisions of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 958-605-05 and ASC 958-205-05, net assets and revenues, and gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, the net assets of the Foundation and changes therein are classified as follows:

<u>Net assets without donor restrictions</u>: Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Foundation. The Foundation's Board may designate assets without restrictions for specific operational purposes from time to time.

<u>Net assets with donor restrictions</u>: Net assets subject to stipulations imposed by donors, and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Foundation or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity.

## Consolidation

The accompanying financial statements include the accounts of Dalton State College Foundation, Inc., and its wholly owned subsidiaries, Dalton State Acquisitions, Inc., and Dalton State Properties, LLC, for the years ended December 31, 2020 and 2019. Significant intercompany accounts and transactions have been eliminated in consolidation.

## Cash and Cash Equivalents

The Foundation considers all certificates of deposit with maturities that do not exceed ninety days to be cash equivalents for financial statement purposes. The Foundation maintains its cash balances in accounts at a national bank. These balances are insured by the Federal Deposit Insurance Corporation (FDIC).

As of December 31, 2020 and 2019, the amounts held in bank accounts were in excess of FDIC insurance. Management does not believe that there is significant credit risk associated with these amounts.

## **Unconditional Promises to Give**

Unconditional promises to give are recognized as contributions and receivables when the promise is made. Conditional promises to give are recognized as contributions and receivables when all conditions required for the gift have been met except for the passage of time. The Foundation discounts its unconditional promises to give to their net realizable value utilizing the promises which are expected to be collected in periods exceeding one year.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2020 AND 2019

## **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

## **Property and Equipment**

The Foundation's policy is to capitalize property and equipment over \$1,000. Lesser amounts are expensed. Purchased property and equipment are capitalized at cost. Donations of property and equipment are recorded as contributions at their estimated fair value. Property and equipment are depreciated over their useful life using the straight-line method.

## Contributions

Contributions received are recorded as without donor restrictions or with donor restrictions. Donations are reported as contributions without donor restrictions unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as contributions with donor restrictions. Absent donor stipulations regarding how long those donated assets must be maintained, the Foundation reports expirations of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor. The Foundation reclassifies donor restricted net assets to net assets without donor restrictions at that time.

## **Donated Services**

The Foundation receives various donated services that range from limited participation of individuals in fund raising and other services, to active participation in the administrative functions. These services are not recorded as support and revenue because these services do not meet the criteria for recognition under ASC 958-605.05.

## **Estimates and Assumptions**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require the directors and administrators to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2020 AND 2019

#### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

## Fair Value Measurement

The Foundation has adopted the provisions of ASC 820-10-05. This standard defines fair value, establishes a framework for measuring fair value and expands disclosure about fair value measurements. Investments measured and reported at fair value are classified and disclosed in one of the following categories:

<u>Level I</u> – Quoted prices are available in active markets for identical investments as of the reporting date. As required by ASC 820-10-05, the quoted prices for these investments are not adjusted.

<u>Level II</u> — Pricing inputs are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value is determined through the use of models or other valuation methodologies.

<u>Level III</u> – Pricing inputs are unobservable for the investment and includes situations where there is little, if any, market activity for the investment.

All alternative investments (See Note 4) held at December 31, 2020 and 2019, are classified as Level III investments.

## **Investment Strategy**

The Foundation's Investment Committee manages the investment portfolio according to the Foundation's investment policy as approved by the Board of Directors. The long term objective of the Foundation is to earn a return sufficient to preserve the purchasing power of the Foundation for generations to come, as well as to provide for current needs. As a result, the annual return should at least equal the annual sum of distributions, inflation, administrative costs, and net of management fees. The Foundation portfolio has adopted a "total return" investment approach; current income is considered a secondary consideration. The portfolio must offer sufficient liquidity to meet payments of philanthropic endeavors and operating expenses, as well as principal and interest payments due on any outstanding debt. The investment policy has asset allocation guidelines that allow the Investment Committee to balance the portfolio for current market conditions to achieve a long term rate of return of approximately 7.5% on an annual basis, with a moderate level of risk. Actual results may vary from this amount. The Foundation's investment portfolio had a return of 9.13% and 15.93% for the years ended December 31, 2020 and 2019, respectively.

The Foundation determines distribution rates based on the market values of investments at the end of the fiscal year. The investment policy specifies a maximum distribution rate of 4.00% of the average market value of investments at the fiscal year end calculated on a twelve quarter rolling average. At a minimum, the investment policy states that long term rates of return be equal to an amount sufficient to maintain the purchasing power of the Foundation's portfolio assets and provide necessary capital to fund a spending policy of 4.00% or an amount determined by the Executive Committee.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2020 AND 2019

## **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

## **Investment Strategy**

The Foundation has retained a professional investment consultant that assists the Foundation in meeting its investment objectives and monitoring compliance with the Foundation's investment policy. Investment fees and commissions incurred were \$131,842 and \$122,014 for the years ended December 31, 2020 and 2019, respectively.

## **Functional Expenses**

The costs of providing programs and other activities have been summarized on a functional basis in the statements of activities. The expenses attributable to each category are based on actual expenses.

## Reclassifications

Certain accounts for 2019 have been reclassified to conform to the current year presentation. The reclassifications have no effect on net assets for 2019.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2020 AND 2019

#### **NOTE 3 - INVESTMENTS**

Investments consist of net assets without donor restrictions and net assets with donor restrictions which the Foundation believes will not be needed for their restricted purposes or for operations for a period of at least 90 days. All investments are maintained in readily marketable securities at brokerage houses and custodial trust companies. All investments are stated at their fair market values. The Foundation is liable for any and all market losses. Cash in investments include instruments with a maturity of 30 days or less. The Foundation's investments are exposed to various types of risk, including changes in interest rates, currency fluctuations, and credit risks. Changes in financial markets occur daily, and such changes could materially affect the amounts reported in the Foundation's financial statements.

As of December 31, 2020 and 2019, investments consisted of the following:

	2020			2019
Cash and cash equivalents	\$	89,503	\$	78,335
Equities		17,054,710		16,620,820
Bonds		9,259,054		7,183,146
	\$	26,403,267	\$	23,882,301

All investments referred to above are classified as Level I investments (See Note 1).

## **NOTE 4 – ALTERNATIVE INVESTMENTS**

The Foundation's investment strategy incorporates a diversified asset allocation approach and maintains, within defined limits, exposure to the movements of global equity, fixed income, real estate, commodities, and private equity markets. In addition, the Foundation seeks to produce consistent capital appreciation with controlled volatility and reduced risk of major down turns in the markets. The Foundation seeks to enhance the returns by focusing to a large extent on illiquid portfolio funds that the Foundation believes offer the potential for higher long-term returns than more liquid funds or investment vehicles. Accordingly, it is anticipated that there will be less liquidity associated with these investments than other investments of the same type.

Several of the financial instruments contained in this classification contain varying degrees of off-balance sheet risk whereby changes in market values of the securities underlying the financial instruments may be in excess of the amounts recorded on the balance sheet. However, due to the nature of the limited interests in these investee funds, the risk with respect to such transactions is limited to the capital balance in each investee fund.

Fair value for alternative investments is based on estimates provided by external investment managers. Management reviews and evaluates fair value provided by external investment managers, including valuation methods and assessments used in determining fair value. The ultimate realizable value of the alternative investments may differ from the estimated fair values provided by external investment managers and these differences may be material. There are currently no plans to sell these investments prior to their liquidation.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2020 AND 2019

## **NOTE 4 – ALTERNATIVE INVESTMENTS**

Alternative investments consist of two classes, private equity and hedge funds. These investments require that the Foundation make commitments for investments over the course of the investment's period. As of December 31, 2020 and 2019, approximately \$3,093,303 and \$3,846,453 of capital commitments remain outstanding, respectively.

Investments in private equity funds provide growth equity or take full ownership of the companies in which they invest. Portions of these investments are in start-up and early stage companies. Private investments also include positions in real assets, including real estate and commodities.

Investments in hedge funds take long and short positions largely in equity securities, credit securities, and event-driven situations. Managers vary in style, market cap focus, geographic focus, sectors of focus, and types of securities, with some having considerable flexibility. This fund of funds mechanism was chosen by the Foundation as the most practical approach to achieve diversification of the alternative investment portfolio.

For the years ended December 31, 2020 and 2019, the changes in investments classified as Level III are as follows:

	Private					
	Investments		He	Hedge Funds		Total
Balance, January 1, 2020	\$	3,003,223	\$	1,669,412	\$	4,672,635

## **NOTE 8 – ENDOWMENTS**

## Endowments - Relevant Law

Under Uniform Prudent Management of Institutional Funds Act (UPMIFA), the Board of Trustees has the discretion to determine how much to appropriate of a donor-restricted endowment fund in accordance with a robust set of guidelines setting what constitutes prudent spending. UPMIFA permits the Foundation to appropriate or accumulate so much of an endowment fund as the Foundation determines to be prudent for the uses, benefits, purposes, and duration for which the endowment fund is established. Seven criteria are to be used to guide the Foundation in its yearly expenditure decisions: 1) duration and preservation of the endowment fund; 2) the purpose of the Foundation and the endowment fund; 3) general economic conditions; 4) effect of inflation or deflation; 5) the expected total return from income and the appreciation of investments; 6) other resources of the Foundation; and, 7) the investment policy of the Foundation.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2020 AND 2019

#### NOTE 8 - ENDOWMENTS

UPMIFA broadens and clarifies the latitude of institutions to manage overall endowment returns without specifically isolating those particular endowments, because of the timing of the gift and market conditions, that are deemed underwater. Under UPMIFA, the Board is permitted to determine and continue a prudent payout amount, even if the market value of the endowment is below historic dollar value. The Board of Trustees has not identified any endowments which are deemed underwater.

## **Endowment Classifications**

The principal of a donor-restricted endowment is the original value of initial and subsequent gifts restricted to the endowment; accumulations or additions stipulated by the applicable donor gift instrument to be added to principal; and for perpetual endowments only, accumulations stipulated by UPMIFA, if any, to be held in perpetuity. The appreciation of donor-restricted endowment is accumulated net investment gains and losses, net of amounts appropriated for spending by the Board of Directors. The fair value of donor-restricted endowment is the combination of principal and appreciation.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2020 AND 2019

#### **NOTE 10 – INCOME TAX STATUS**

Dalton State Properties, LLC, is classified as a disregarded entity for federal and state income taxes. A provision for deferred federal and state income taxes (benefit) of (\$39,857) and (\$18,708) is fully offset by a valuation offset and not included in the financial statements related to the activity of Dalton State Properties, LLC, for the year ended December 31, 2020 and 2019.

On April 1, 2009, the Foundation adopted the recognition requirements for uncertain income tax provisions as required by generally accepted accounting principles, with no cumulative effect adjustment required. Income tax benefits are recognized for income tax provisions taken or expected to be taken in a tax return, only when it is determined that the income tax position will more likely than not be sustained upon examination by taxing authorities. The Foundation has analyzed tax examination and does not anticipate any adjustment that would result in material adverse effect on the Foundation's financial condition, results of operations, or cash flows. Accordingly, the Foundation has not recorded any reserves or related accruals for interest and penalties for uncertain income tax positions at December 31, 2020 and 2019.

Currently, there are no audits for any tax year in progress, and the Foundation believes that it is no longer subject to audits for periods prior to 2015.
