

Program Pathway – *General Studies, Nursing Pathway (A.S.)*

This program is a preparation pathway for applying to nursing programs. The coursework applies to the A.S.N. and B.S.N. programs. The program also transitions directly into the B.S. Health & Wellness degree.

This map is a semester breakdown sample course schedule. It is strongly advised that students make every effort to pass these courses on the first attempt with a "C" or higher in order to be successful in this program. The milestones listed below each year are designed to keep you on track to graduate in four years. Missing milestones could prevent you from being eligible for a particular program or could result in a delay in graduation. The Program Pathway serves as a general guideline to help you build a full time course schedule each term.
